

# AgriFood

INNOVATION CENTRE

2335 Schuyler Street, Saskatoon, SK

**food** centre  
Saskatchewan Food Industry  
Development Centre Inc.

Growing Forward 2 

 Government  
of  
Saskatchewan

 Canada

## Facility

- ~ 35,000 sq ft building
- New analytical labs to support industry
- Offices, meeting and classrooms
- New mini pilot plant for product and process development
- New Commercial Kitchen for incidental SME's
- Multi-tenant incubation suites for technology transfer for start up business
- Units designed to assist both food and non food commercialization activities
- Commercial incubator for pulse & cereal processing

## Primary Purpose

- Expand & drive innovation in the agri-food sector
- Support entrepreneurship in the sector through technical transfer and reduction of capital risk
- Support commercialization of new technology, research and development
- Provide market access and proof of concept through incubation and pilot processing

## Operational Functions

- Strengthen and support the agri-food sector in commercialization and incubation of products derived from agricultural products
- Bridge the gap between technology development and commercialization
- Support the expansion of the food business to access new markets
- Provide collective resources to be used as a driver for commercializing new agricultural products for both food and non food usage
- Provide management and technical services support
- Provide diversity in manufacturing through technical training and technology transfer and skills development
- Accommodate a wide variety of agricultural products- food, fibre, cereal processing etc.
- Strengthen and support commercialization of R&D work being undertaken by industry

# Donation Levels

Support the agricultural processing industry in Saskatchewan by making a financial contribution to the new Agri-Food Innovation Centre. All financial contribution levels are appreciated and welcomed.
